Following suggestions made by the building committee, and interested citizens, plans were drawn up by architect Norman Randlett, and the Bean Construction Company completed the work in October 1955.

The school board and building committee accepted the building addition and both rooms are in use. The board wishes to present the following itemized statement of costs of construction and equipment,

Total amount paid to Bean Construction Co.		$22,307 40
Total to architect for plan, specifications and supervision		1,338 44
Itemized equipment costs:		
Paris Manufacturing Co., teachers desks and chairs	$128 50	
Gledhill Bros., pupil desks and chairs	261 60	
Beckley Cardy, window shades	141 07	
Beckley Cardy, soap dishes, waste baskets	16 19	
Chase's, steel lockers	404 67	
Brattleboro Informer, advertisement	15 60	
Keene Sentinel, advertisement	7 50	
Total equipment costs		975 13
Total cost of construction, supervision and equipment		$24,620 97
Authorized:		
Total amount borrowed		$25,000 00
Balance available		379 03

We feel that the school district received excellent value for the money expended for construction and equipment and hope that many citizens will take the opportunity to visit the addition on town meeting day, if they have not already done so.

Our teaching staff continues to do good work under the able guidance of principal Decato and this year Mrs. Audrey Ericson became the seventh full time staff member. With steady progress being made to bring local teaching salaries nearer in line with state averages, with our supplies and textbooks plentiful and up to date and with the continued close interest and help of our school superintendent, the board feels that the school situation in Chesterfield is a very good one.

In accordance with district wishes, the school board has ordered a suitable bronze placque to be installed in the all-purpose room in memory of Mr. Ralph Mulligan.

MRS. CLARA WELLINGTON, Chairman,
MRS. AGNES CHICKERING,
MR. HAROLD PUTNAM,

REPORT OF SUPERINTENDENT

For the second time in five years, the Chesterfield school district was faced with a building program this year. An able building committee met with the school board and proposed a two-classroom addition. The recommendations proposed at the last district meeting in March were approved by the voters. The Bean construction company of Keene was low bidder for the addition designed by architect Norman Randlett, best known locally for his design of Winding Brook Lodge and the half million dollar library-gymnasium at Plymouth Teachers College.

The construction progressed well and both new rooms were ready for use early in the school year. Everyone was pleased with the appearance of the new rooms and it is a pleasure for me to report that all construction and equipment costs have been paid, leaving a small balance from the original sum approved by the voters.

Mrs. Audrey Ericson was employed this year to meet the increase in enrollment and has proved to be a very capable teacher and a happy addition to our local staff. Under the continued leadership of principal Gordon Decato, the staff has worked well to meet the educational problems and needs of the pupils. This June will find Mrs. Alice Bothwell reaching compulsory retirement age after a long and successful career. Many of the young people of Chesterfield will long remember Mrs. Bothwell and her untiring efforts to help them achieve. I would hope that some appreciative citizen at this March meeting would move a rising vote of thanks to Mrs. Bothwell for her many years of service to the community.

Our problems for the future appear to be centered around the objective of working steadily toward maintaining the quality of our school services and preparing to meet any demands made upon it.

DR. CHARLES L. BOWLBY,
Superintendent.

LUNCH PROGRAM REPORT

The Hot Lunch Program opened September 12, 1955, with an average of 150 pupils eating each day for 64 days. The charge for children's lunches, with one half pint of milk is $1.25 weekly or 25c daily. The charge for Adult Lunches is 30c per day.

The menus are made out one month in advance and Mr. Decato distributes copies to the teachers so that each child receives one to take home. We are careful to serve a well balanced, high protein meal.

The School Nurse, Mrs. Warner, has recommended several under weight children to receive the afternoon milk, free of charge.

I have received the following Surplus Commodities: Butter, Peanut Butter, Cheese, Apricots, Cherries, Fresh Plums, Grapefruit Sections, Peas, Beans, Rice, Tomatoes, Dry Milk, Shortening and Cottonseed Oil.

We have served 9,692 lunches to children and 181 to adults. Since October first, we have served 11,947 one half pints of milk under the Special Milk Program.

I wish to express my sincere thanks to Mr. Decato and the Teachers, Mrs. Barbara Aldrich and Mr. George Purrington. They have all been most cooperative and their help has added to the success of the Lunch Program.

REPORT OF THE PRINCIPAL

I hereby submit my third annual report as principal of the Chesterfield School.

The past year has been an eventful one. One in which your school has grown not only in structure but in stature as well.

The addition of another teacher, in the person of Mrs. Audrey Ericson, has helped the school tremendously. All other staff members have continued to do their usual best in sowing the seeds of knowledge in the minds of your children.

The school Lunch Program, under the direction of Mrs. Phyllis Henchey, has kept up the standards set by Mrs. Marion Nurse. The program has been operating effectively with better than 80% of our enrollment participating. This fact alone gives an indication that our lunch program is one of the best in the state.

The school custodian, Mr. George Purrington, has maintained high standards of building maintenance. The entire school plant has been improved over the past five years, instead of deteriorating.

Marion Warner, R. N. our school nurse, has worked extremely hard in caring for the health of your children. Proper care of teeth is one of her projects for the year. We are asking your co-operation in this matter. In connection with good health, you as parents are to be congratulated in co-operating fully in last years Hepatitis Clinic. 98% of our enrollment received parental permission to receive the innoculation of Gamma Globulin.

The school bus routes, under the direction of Mr. Henry Chickering, have been worked out to the satisfaction of all concerned.

I wish to take this chance to publicly thank and commend the Chesterfield Parent Teachers Association. Last years project involved purchasing a microphone and amplifier for the school. This year a very worthwhile project of landscaping the school grounds has been undertaken. Community support and assistance can make the project successful.

I am sure I can speak for the entire staff when I publicly thank the Superintendent and School Board Members of Chesterfield. They certainly deserve a great deal of credit for a job well done.

During the past year, the Chesterfield School has grown from a six room school to an eight room school. In two more years we will be operating under an ideal situation of having one teacher for each grade. The citizens of Chesterfield can well be proud of their school.

In January 1955, the sale of United States Savings Stamps was started in the school. This program met with immediate success. From January to June, eight hundred twenty-five dollars worth of Savings Stamps were purchased by your children. The program has been continued this year.

The Student Council, composed of two elected members from each of grades 3 through 8, has been quite active. Helping to formulate playground regulations, planning and helping to direct school dances, and keeping high general school morale, are experiences these children assume with great seriousness. On of the projects this year is to handle the sale of clothing sponsored by the PTA.

This year something new has been tried in the seventh and eighth grades. They have been setup on a departmentalized system. Mrs. Bothwell teaching English and Social Studies and myself teaching Arithmetic and Science. This arrangement has proved very satisfactory for the children. This type of experience will aid the difficult transition from elementary to secondary school.

This has been a good year for our athletic teams. In the spring of 1955, our baseball team had an undefeated and untied record. The football team won three games and tied one. As a result of these good performances we have two trophys at the school. The boys are proud of this accomplishment.

From the above information it can be assumed that we do a reasonably good job of teaching the fundamentals of football and baseball. The only major sport that our children do not receive instruction in is basketball. This is due only to the lack of a suitable place in which to play. This point is quite evident and deserves some serious consideration on the part of everyone. I would appreciate any suggestions from you.

September 9th enrollment figures:

Grade	Number of Pupils	Teacher
1	33	Mrs. Emery
2	24	Miss Grout
3	38	Mrs. Spaulding
4	18	Mrs. Ericson
5	29	Mrs. Atema
6	12	Mrs. Ericson
7	30	Mrs. Bothwell
8	20	Mr. Decato
Total	204	

There are a great many things that enter into our total educational picture. I have tried to report to you some of the more important factors. Generally speaking I would say that we have continued to meet the necessary requirements of a good elementary school. With the continued co-operation of children and parents, we can not fail.

GORDON E. DECATO, Principal.
